Message From Our Founder

At SRG Pharmaceuticals, we are driven by a singular vision: to pioneer a future where **artificial intelligence (AI) transforms healthcare** on a global scale. From the very beginning, our mission has been to bring forth innovation that not only pushes the boundaries of what’s possible but also improves lives in ways that were once unimaginable. We see AI not as a tool, but as a powerful force capable of reshaping the pharmaceutical industry, bringing unmatched precision, efficiency, and accessibility to healthcare.

We are not just creating a company; we are crafting a legacy. A legacy where every product, every solution, and every decision is backed by the intelligence of AI, designed to anticipate the needs of the future, not just respond to the demands of today. Our approach is simple yet bold: **to merge cutting-edge technology with a passion for improving lives**, ensuring that people, wherever they are, have access to the highest-quality treatments at the moment they need it most.

Like any great venture, our journey has been defined by unwavering belief, meticulous attention to detail, and a commitment to excellence. **We are not here to follow trends; we are here to set them.** With every step, we are challenging the status quo, reshaping how healthcare is delivered, and leaving an indelible mark on the world.

This is just the beginning. Our ambition is limitless, and we are excited to lead the way, delivering innovation that will not only enhance the lives of individuals but create a ripple effect across the entire industry. At SRG Pharmaceuticals, we are building more than a future—we are creating a movement.

William Tan

WILLIAM TAN
EXECUTIVE DIRECTOR

About Us

SRG Pharmaceuticals Sdn Bhd as an **AI-powered pharmaceutical company**, we specialize in smart sourcing, trading, warehousing, and distribution of high-quality pharmaceutical products, with a focus on optimizing every step of the supply chain.

We understand that in today’s fast-paced, globalized world, **precision** and **efficiency** are paramount. That’s why we leverage cutting-edge **AI technology** to drive smarter decisions, streamline operations, and enhance the overall pharmaceutical experience. With a comprehensive approach that blends **regulatory expertise, innovative logistics, and data-driven insights**, SRG Pharmaceuticals stands at the forefront of pharmaceutical trading and distribution.

End-to-End AI Pharmaceutical Solutions

At SRG Pharmaceuticals, artificial intelligence (AI) is integral to every aspect of our operations—from product sourcing and trading to warehousing and distribution.

Our AI-powered platform ensures that each stage of the process is optimized for maximum efficiency, helping us to stay ahead of market trends, mitigate risks, and meet the needs of our clients across the pharmaceutical, retail, and supply sectors.

Sourcing

- 1. Market research
- 2. Global events tracking
- 3. Risk identification and mitigation
- 4. Regulatory and compliance
- 5. Product registration and business

Through AI system

Importing

- 1. Importing regulatory and compliance
- 2. Route of importing

Through AI system

Warehousing

- 1. Inventory management

Through AI system

Distributing

- 1. Logistics pathway and risk mitigation
- 2. Delivery route and strategies

Key Features of Our AI-Enhanced Approach:

Global Trend Tracking and Demand Anticipation

Our AI continuously analyzes global trends, market conditions, and industry events, allowing us to anticipate shifts in demand. This helps us align our operations with market needs, ensuring we provide the latest and most effective pharmaceutical products.

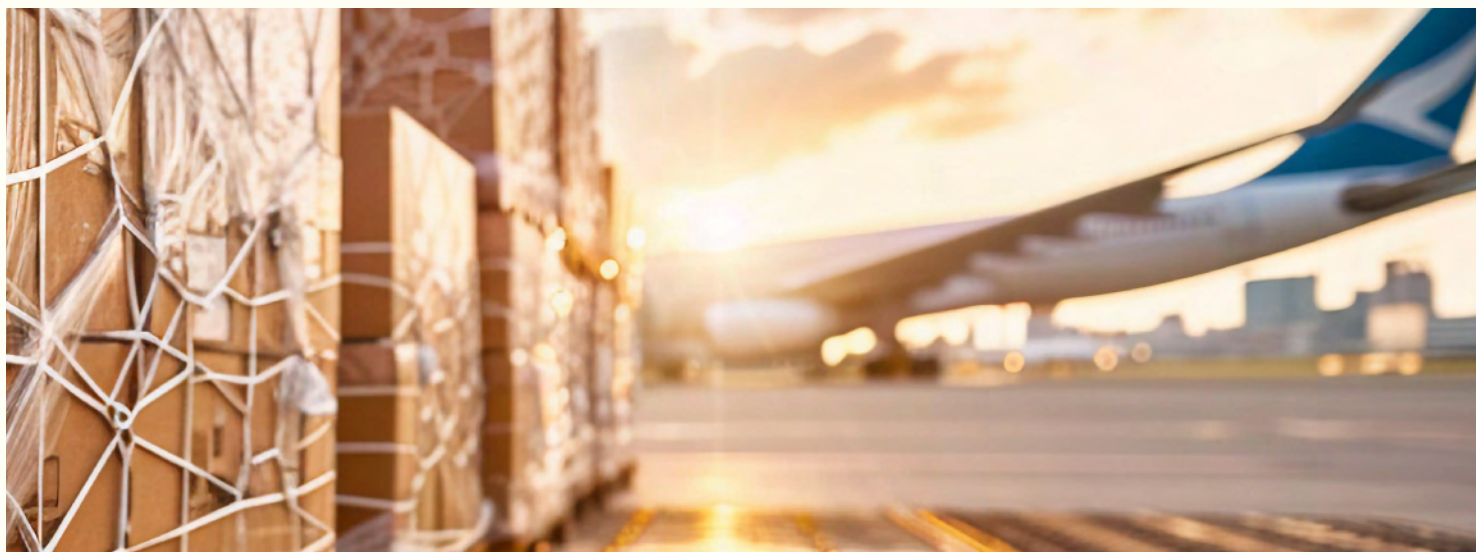

Optimized Supply Chain Management

Our AI tools enhance supply chain efficiency, reduce lead times, and ensure timely deliveries. We continuously monitor and adjust inventory levels and logistics strategies to maintain smooth operations across all stages of the supply chain.

Real-Time Risk Identification

By leveraging AI systems, we stay ahead of emerging risks, from regulatory changes to supply chain disruptions. This allows us to ensure our end-users always have access to the right products at the right time, with minimal disruptions.

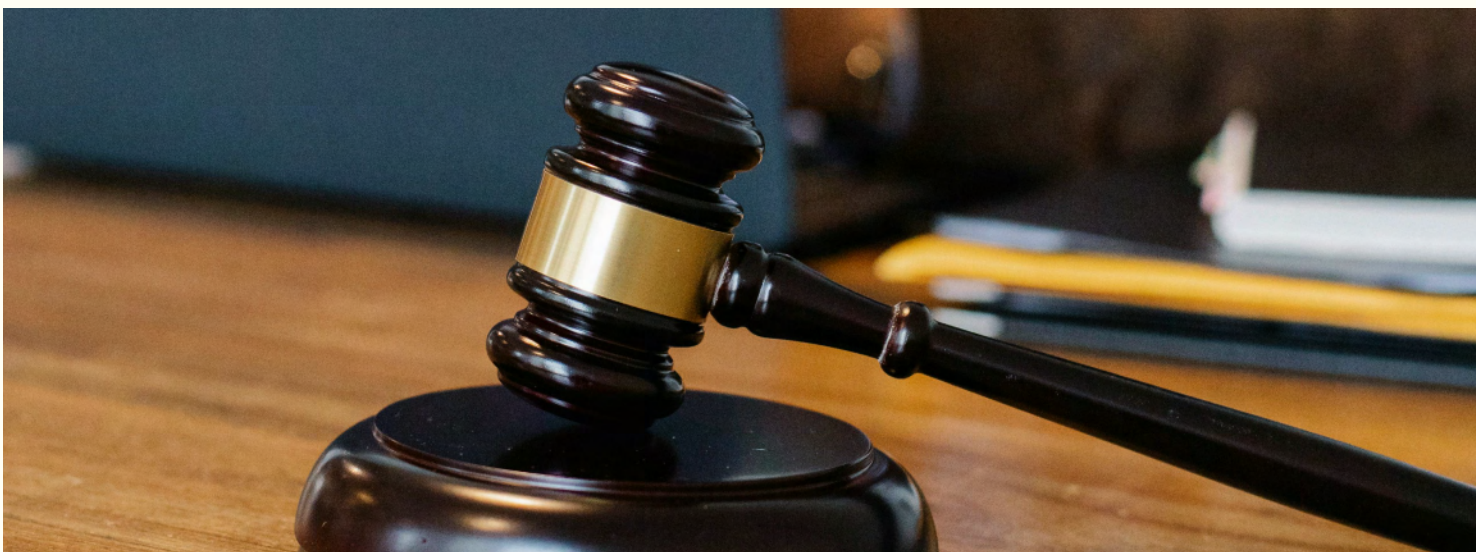

Efficient Distribution

AI optimizes inventory management and distribution, ensuring the right products reach their destinations quickly and efficiently. This reduces delays and enhances customer satisfaction by ensuring timely deliveries.

AI-Enhanced Sourcing

Using real-time data, we identify the best suppliers and track market conditions to source high-quality pharmaceutical products that meet global demands. Our AI system helps us identify emerging health needs and supply gaps, ensuring we remain agile and responsive to market shifts

High Regulatory Compliance

With our experienced team and AI systems, we ensure that all products comply with global regulatory standards, enabling seamless cross-border operations while meeting local and international requirements.

Our mission is to revolutionize the pharmaceutical industry by leveraging AI to create smarter, safer, and more efficient solutions for healthcare providers and patients.

Through data-driven insights, we aim to optimize every stage of the pharmaceutical supply chain, enhance decision-making, and ensure high-quality healthcare products are accessible to all. Our ultimate goal is to advance global healthcare and improve the quality of life for individuals everywhere, ensuring that every person has access to the treatments they need for a healthier future.

Our vision is to become a global leader in AI-driven pharmaceutical solutions, setting new standards for patient care, innovation, and efficiency.

We aspire to transform the healthcare landscape by delivering the right solutions at the right time, ensuring better health outcomes for every individual, everywhere.

Our Core Values

These values are the foundation of everything we do. They shape the way we interact with our clients, partners, and employees.

Integrity

- Be responsible and accountable for your actions
- Take pride in your work and always honour your words
- Committed to doing an honest job and inspiring those around you

Unity

- Coming together as a team with dedication, for the benefit of the organisation
- Practicing the culture of knowledge sharing
- Trust and support your fellow colleagues

Harmony

- Remain humble always, empathies when necessary and be diligent in your responsibilities and duty
- Working together in perfect synergy within the organization and with the surrounding community
- Continuous search for innovative solutions in strengthening relationships with customers, suppliers and community

Portfolio

At SRG Pharmaceuticals, we are committed to advancing healthcare in key therapeutic areas, including, **cancer care, heart health, diabetes management, and mental health disorders.**

Currently, our portfolio includes a wide range of dosage forms, such as immediate and modified release tablets and capsules. This diverse selection reflects our dedication to providing innovative, effective treatments that meet the needs of patients while ensuring the highest standards of quality and care.

Our Business Partners & Suppliers

Sales Force and Distribution

With a comprehensive and efficiently coordinated distribution network, SRG Pharmaceuticals ensures the swift and widespread delivery of our pharmaceutical products.

As we continue to expand and enhance our operations, SRG has established sourcing partnerships with trusted manufacturers in China, India, Turkey, and Poland.

These high-quality products are imported and distributed across key markets in Malaysia, Singapore, and Indonesia, ensuring timely access to essential medications in these regions.

Our Commitment to Sustainable Development Goals (SDGs)

As a forward-thinking pharmaceutical company, SRG Pharmaceuticals aligns its operations with the United Nations Sustainable Development Goals (SDGs), with a focus on those most relevant to our mission.

Through our work, we aim to contribute positively to global health and sustainability while making a meaningful impact on the communities we serve.

3 GOOD HEALTH
AND WELL-BEING

SDG 3

Good Health and Well-Being

At the heart of our operations is a dedication to improving health outcomes. We focus on therapeutic areas such as oncology, cardiovascular health, diabetes, and psychotic disorders, ensuring that our products meet the highest standards of quality and efficacy.

Our AI-powered platform optimizes the sourcing, distribution, and delivery of essential medicines, improving accessibility to vital healthcare solutions.

9 INDUSTRY, INNOVATION
AND INFRASTRUCTURE

SDG 9

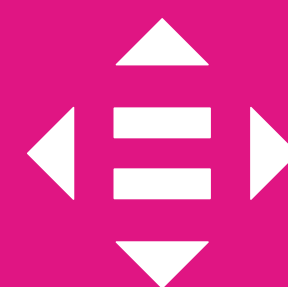

Industry, Innovation, and Infrastructure

Innovation is central to everything we do at SRG Pharmaceuticals. By integrating AI technology into our operations, we drive efficiency and optimize supply chain management.

Our focus on innovation not only enhances our products but also strengthens the healthcare infrastructure in the regions we serve, ensuring that we remain at the forefront of the pharmaceutical industry.

10 REDUCED
INEQUALITIES

SDG 10 Reduced Inequalities

We are committed to reducing health disparities by ensuring equitable access to high-quality medicines in underserved communities.

Our strategic sourcing and distribution network in Southeast Asia helps bridge gaps in healthcare availability, addressing the needs of populations who may otherwise have limited access to essential treatments.

SDG 12

Responsible Consumption and Production

At SRG Pharmaceuticals, we believe in the responsible sourcing of products and minimizing our environmental footprint. Through the use of AI to streamline our operations, we reduce waste, improve efficiency, and make more sustainable decisions in our supply chain.

Our commitment to responsible production practices helps ensure that we meet the health needs of today without compromising the ability of future generations to access essential medicines.

SDG 17

Partnerships for the Goals

Collaboration is key to achieving our vision.

By fostering strong partnerships with manufacturers across China, India, Turkey, and Poland, and working closely with healthcare providers in Malaysia, Singapore, and Indonesia, we contribute to the collective efforts to reach the SDGs. Our partnerships enable us to create a network that drives progress in global health and sustainability.

Looking Ahead

As SRG Pharmaceuticals continues to grow and innovate, we remain committed to the principles of sustainability and social responsibility. We strive to create a positive impact on the healthcare sector and the communities we serve, working toward a healthier, more equitable world. Through our ongoing efforts to support the SDGs, we aim to build a legacy of progress, where healthcare is accessible, efficient, and sustainable for all.

Join us on our journey as we revolutionize healthcare, one innovation at a time.
